## Research Associate 1

PlantForm Corporation has an immediate opening for a Research Associate 1. The position is available for candidates with expertise in process flow management and knowledge of techniques in protein purification. Tasks will involve purification of a protein recovered from genetically modified tobacco species using an established process. Practical experience with standard chromatography techniques for purification of proteins is a benefit. The successful candidate will work as part of a team but with minimal routine supervision. Duties will include process scheduling, performance monitoring of the chromatography and filtrations steps, coordination with analytical personnel, preparation of manufacturing records and SOP's, and inventory control of process materials.

The successful candidate will have a minimum BSc in biochemistry, plant biotechnology, or other relevant discipline with a minimum of 2-5 years lab experience. Applicable laboratory experience is an asset. The position will also require writing reports and technical presentations with complete descriptions of manufacturing activities.

PlantForm Corp. operates its protein purification laboratories in Bolton, ON, and offers a competitive salary, a benefits program, a stimulating and supportive research team and environment, and room for advancement. The initial position will be for 6 months, with the possibility that the successful candidate may be hired for a full-time technical position within the company.

PlantForm Corporation is an equal opportunity employer committed to providing a work environment that is inclusive and free of employment barriers and discrimination. A Human Resources representative is available to consult with qualified applicants with a disability who request an accommodation during the recruitment process. Information received regarding the accommodation needs of applicants will be addressed confidentially.

Interested applicants should provide a cover letter stating research experience, career goals and availability; and curriculum vitae.

Only those candidates invited for an interview will be contacted.
