# Employment Opportunity

October 1, 2020

## Research Associate 2 or 3

PlantForm Corporation has an immediate opening for a Research Associate 2 or 3. The position is available only for candidates with experience in protein purification. Tasks will involve purification of a protein for use in a diagnostic test kit and recovered from genetically modified tobacco species using an established process. Practical experience with standard chromatography techniques for purification of proteins is a requirement. The successful candidate will lead a team of up to 3 technologists. Duties will include process scheduling, performance monitoring of the chromatography and filtration steps, coordination with analytical personnel, preparation of manufacturing records and SOP's, and inventory control of process materials.

The successful candidate will have a minimum MSc in biochemistry, plant biotechnology, or other relevant discipline with 3+ years' experience. The position will also require writing reports and technical presentations with complete descriptions of manufacturing activities.

PlantForm Corp. operates its protein purification laboratories in Bolton, ON, and offers a competitive salary, a benefits program, a stimulating and supportive research team and environment, and room for advancement. The initial position will be for 12 months, with the possibility that the successful candidate may be hired for a full-time technical position within the company.

PlantForm Corporation is an equal opportunity employer committed to providing a work environment that is inclusive and free of employment barriers and discrimination. A Human Resources representative is available to consult with qualified applicants with a disability who request an accommodation during the recruitment process. Information received regarding the accommodation needs of applicants will be addressed confidentially.

Interested applicants should provide a cover letter stating research experience, career goals and availability; and curriculum vitae.

Only those candidates being invited for an interview will be contacted.
